

# Silverstone

105dB

## Itinerary:

**08:00** Sign On (National Pits - Race Administration)

**08:30** Safety Briefing (Garage O)

**09:00** Driving Begins

**12:30** Lunch

**13:30** Driving Resumes

**17:00** End of Day

(For events between 01 November - 28 February end of the day is 16:00)

Silverstone has a reputation as the home of British motorsport. Due to its grand size, there are a number of different layouts available, from the shorter National configuration, to the International and the full Grand Prix circuit. Its long straights allow you to build speed, before a quick change of pace as your dart around the next bend. Its central location also makes it easily accessible. Silverstone is very much a 'bucket list' circuit for stalwart motor racing fans, and certainly one not to be missed.

## BaT Photography

Our professional motorsport photographer will be taking photographs throughout the day. These can be purchased on USB, CD or download online. Book online before the track day and receive 10% discount!

## Instruction

Anyone more serious about improving his or her driving skills should consider a more structured approach to coaching. Our professional grade A or S ARDS registered instructors are on hand to support drivers and offer the benefit of their race and track experience. Everyone can benefit from tuition, and working with the same instructor time and time again can massively increase confidence, consistency and of course, speed. The price for instruction is £50 per 20 minute session and on full day events you get a free PM session included in this fee. Please book in advance online to avoid unavailability on the day.

## Storage & Car Transportation

BAT can securely store your track day car at our workshop at Donington Park for £120 per month (minimum 12 months) and transport it to any UK BAT track days for £150. For track days at Donington Park, there is no charge for delivery. For more information, please email [info@bookatrack.com](mailto:info@bookatrack.com).

## Facilities:

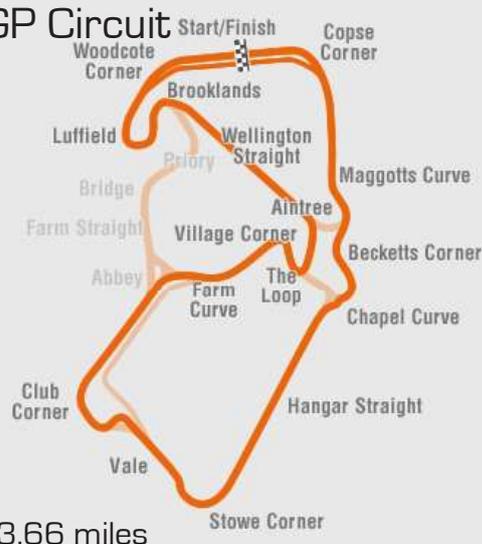

Paddock Cafe

## GP Circuit

# Caterham Hire

Caterhams are fast, lightweight cars that deliver exceptional performance and handling, guaranteed to provide the most exciting and exhilarating on track experience. Our fleet of 'arrive and drive' Caterhams are available to hire **from** £995. The full track day calendar can be found online at [www.bookatrack.com](http://www.bookatrack.com). The car hire cost includes VAT, exclusive use, mechanical support, fuel and all consumables, 2 x 20min sessions of ARDS instruction and insurance (subject to excess). We offer a full day of instruction with the hire of the Academy car. There are five different models available to hire, the Caterham Academy, Caterham 310R SV (SV model has the larger chassis to accommodate taller and broader drivers), Caterham 360R, Caterham 420R and a Caterham 620R. (over 6' 2").

	Hire Cost	Excess	Instruction Included
1 x Caterham Academy (125bhp)	£995	£2500	Full Day
1 x Caterham 310R SV (155bhp)	£995	£2500	2 x 20 minute (per driver)
1 x Caterham 360R (180bhp)	£995	£2500	2 x 20 minute (per driver)
1 x Caterham 420R (210bhp)	£995	£5000	2 x 20 minute (per driver)
1 x Caterham 620R (310bhp)	£1495	£5000	2 x 20 minute (per driver)

To find the inclusive cost for a track day plus Caterham hire, you add the track day fee which is shown next to each event on the track day calendar plus the car hire cost. Additional drivers are £100 per driver.

## Rules & Regulations

- All cars must pass a 105dB static and 102dB drive by noise test.
- Drivers and passengers must sign on and obtain a wristband to be allowed access on track.
- All drivers must attend a safety briefing at 08:30.  
(For late arrivals the second briefing will be at 09:30).
- Road cars must be MOT'd, racecars must have passed MSA scrutineering within the last year (We do not scrutineer cars therefore it is the responsibility of participants to ensure their car is in track worthy condition)
- All participants must wear a suitable crash helmet and have covered arms and legs and bring waterproof clothing in the event of rain.
- Slick tyres are permitted but only if the car has adequate roll protection.
- Passengers must be 16 years or older, if under 18 years old a parent or guardian must counter sign their disclaimer.  
(No children under 16 years of age are allowed in the pit lane).
- Hand held cameras cannot be used whilst out on track.
