**17:00** Safety Briefing (BookaTrack Caterham Showroom)  
**17:30** Driving Begins  
**20:30** End of Day

## Facilities:

24/7 Fuel Station  
 38 garages to hire for £50  
 (Subject to availability)  
 Various spectator areas

## BaT Photography

Our professional motorsport photographer will be taking photographs throughout the day. These can be purchased on USB, CD or download online. Book online before the track day and receive 10% discount!

## Instruction

Anyone more serious about improving his or her driving skills should consider a more structured approach to coaching. Our professional grade A or S ARDS registered instructors are on hand to support drivers and offer the benefit of their race and track experience. Everyone can benefit from tuition, and working with the same instructor time and time again can massively increase confidence, consistency and of course, speed. The price for instruction is £50 per 20 minute session. Please book in advance online to avoid unavailability on the day.

## Storage & Car Transportation

BaT can securely store your track day car at our workshop at Donington Park for £120 per month (minimum 12 months) and transport it to any UK BaT track days for £150. For track days at Donington Park, there is no charge for delivery. For more information, please email [info@bookatrack.com](mailto:info@bookatrack.com).

# Caterham Hire

Caterhams are fast, lightweight cars that deliver exceptional performance and handling, guaranteed to provide the most exciting and exhilarating on track experience. Our fleet of 'arrive and drive' Caterhams are available to hire on evening track days for £295. The car hire cost includes VAT, exclusive use, mechanical support, fuel and all consumables, a 20 minute sessions of ARDS instruction and full insurance (subject to £2500 excess).

Mainly used for our Caterham driving experiences and corporate events this fleet of cars can be hired for evening and winter track days. White & black, S3 & SV chassis available, 140bhp from a 1.6 Ford Sigma engine mounted to a 6-speed manual gearbox, limited slip differentials for increased traction, 13" Apollo 6 x 8 wheels with Avon ZZS tyres, leather seats with 4-point harnesses and FIA roll bar and windscreen.

To find the inclusive cost for a track day plus Caterham hire, you add the track day fee which is shown next to each event on the track day calendar plus the car hire cost. Additional drivers are £100 per driver.

## Rules & Regulations

- All cars must pass a 98dB drive-by noise limit (unless stated as a noisy day).
- Drivers and passengers must sign on and obtain a wristband to be allowed access on track.
- All drivers must attend a safety briefing at 17:00.  
(For late arrivals the second briefing will be at 17:45).
- Road cars must be MOT'd, racecars must have passed MSA scrutineering within the last year (We do not scrutineer cars therefore it is the responsibility of participants to ensure their car is in track worthy condition)
- All participants must wear a suitable crash helmet and have covered arms and legs and bring waterproof clothing in the event of rain.
- Slick tyres are permitted but only if the car has adequate roll protection.
- Passengers must be 16 years or older, if under 18 years old a parent or guardian must counter sign their disclaimer.  
(No children under 16 years of age are allowed in the pit lane).
- Hand held cameras cannot be used whilst out on track.
